DETAILED ACTION

Reasons For Allowance

1. Claims 20-40 are allowed.
2. The following is an Examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination fails to teach the claimed invention of an online tutorial system, as claimed by Applicant. Specifically, independent claims 20, 30, and 40 disclose the defining of an example markup indicator that is used to create an interactive coding tutorial.

The closest prior art of Kshirsagar, Sumedha et al, Systems: Avatar Markup Language, Proceedings of the workshop on Virtual environments 2002, May 2002, pp. 169-177 teaches the construction of avatars through an "avatar markup language" but fails to teach or suggest defining an example markup indicator that is used to create an interactive coding tutorial. To the extent that this feature exists in the prior art cited by Examiner, the present case is found to be allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
